

LOVERS LANE  
UNITED METHODIST CHURCH

To Whom It May Concern:

George Cooley and Don Hodges of CYMCOR have provided several years of assistance to Lovers Lane United Methodist Church. The church needed a construction management team to coordinate the architects, general contractor, City of Dallas departments, and consultants for a six phase multi-million dollar project. The CYMCOR team has provided outstanding service for the church, and we would recommend the firm to any church or business that needs their management expertise. If you have any questions, please contact me.

Sincerely,

A handwritten signature in black ink, appearing to read "David McLaurin". The signature is fluid and cursive, with the first name being the most prominent.

David McLaurin
